Our Mission

To develop citizens of character dedicated to serving their nation and community.

Our Objectives

To educate Air Force Junior Reserve Officer Corps cadets in aerospace science, leadership, wellness, self-reliance, and self-discipline.

Attendance

Classroom attendance policies and procedures are in accordance with current Federal Way High School policies.

Cadet Expectations

Cadet expectations and military customs and courtesies are outlined in the 52nd Eagle Squadron Cadet Handbook.

Texts

Leadership Education IV: Principles of Management
Leadership Education IV: Leadership Exercises
Leadership Education I – Citizenship, Character, and Air Force Tradition
Leadership Education II – Communication, Awareness, and Leadership
Drill and Ceremonies – Student Workbook

Assignments

All assignments are accomplished in class. If a cadet misses an assignment due to an excused absence, the assignment will be due one week from the original due date. Assignments not turned in on the due date because of an unexcused absence will receive a zero grade for that assignment. Homework make-up policies and procedures are in accordance with the Federal Way High School Eagle Handbook 2009-2010. **Homework assignments comprise 15% of your course grade.**

Tests

There will be 2 tests during the semester. Tests are not comprehensive from one to the next. **Tests comprise 15% of your course grade.**

Community Service

You will have the opportunity to perform **two** community service projects during the semester. One extra credit community service project worth 5% of your grade can be earned for those cadets who volunteer to do so. A squadron "Day of Service" will be scheduled once per semester. This is a mandatory function for all cadets. Smaller community service projects will be held on a regular basis. Cadets can also receive community service credit on a case-by-case basis by pre-arranging with the SASI or ASI. With the exception of Red Cross blood drives, community service projects held during school hours will not count toward course requirements. **Each service project comprises 5% of your grade, for a combined total of 10% of your course grade.**

Wellness Training (Extreme Excellence Challenge)

Wellness and physical fitness training is part of the AFJROTC curriculum that will be taught concurrently with aerospace science and leadership education. Wellness and physical fitness is instrumental in developing healthy citizens of character dedicated to serving our nation and communities. Your grade in this part of the program will be based on your participation and individual effort. **Wellness training comprises 10% of your course grade.**

Uniform Wear

Uniform wear is a large part of the Air Force JROTC program. There will be 15 mandatory and graded uniform days this semester. Uniform day is every Thursday, unless otherwise announced. **Uniform wear comprises 35% of your course grade.** Make-up day for excused absences on uniform days will be Fridays. There will be no uniform make-up days for unexcused absences. Uniform-of-the-day will be published in the weekly operations order. Uniforms will be worn all day on uniform days. Failing to wear the uniform all day will result in a zero grade for that uniform day.

Course Grades

Your course grade will reflect your combined effort on assignments, tests , community service, wellness training and uniform wear. The scale below indicates a corresponding grade based on your performance.
