Welcome to your math or Language Arts class. I look forward to working with each of you. Our classroom mission is for all students to improve upon their math, reading and writing skills and to meet standard on all Washington State Essentials Academic Learning Requirements, as well as meeting the goals and objectives of each students Individual Educational Plan.

### **Classroom Expectations**

- Be ready to learn each day.
- Be in your seat and working on Do Now when class starts.
- Respect yourself and each other.

### **Homework**

Complete any unfinished work from class. Read for at least 20 minutes a night. Prepare for any tests or quizzes.

### **Need Support?**

Before and after school support will be available when needed- Just ask to schedule a time with Miss Willingham. There will also be resource support time throughout the day.

### **Grading**

This class will be using an older version of grade book so grades may appear differently from other classes. Percentages will be given with an overall period/semester letter grade.

(A+) Ex+ 100	(B+)Me+ 87	(C+) Ap+ 77	(C-) Be+ 67	Z 0
(A) Ex 95	(B) Me 84	(C) Ap 74	(F) Be 64	
(A-) Ex- 90	(B-) Me- 80	(C-) Ap- 70	(F) Be- 60	

Assignments in the grade book with a "Z" are for assigned assessments/assignments that students have been given multiple opportunities to complete but have not been turned in.

### **Classroom Book Checkout**

I encourage students to check out books from the classroom library. Just like the school library, when a student checks out a book from me, they are taking responsibility for that book. If the book is checked out for an extended period, lost or seriously damaged, a letter will be sent home as a reminder that the book needs to be returned or replaced. The replacement cost will be listed.

**I am highly allergic to perfumes, scented lotions and colognes.  
Please do not wear them.**
